Modesto, California - Twenty years and two days after the remains of Laci and Conner were recovered on the shores of the San Francisco Bay, a court hearing was held in San Mateo County Superior Court on the case of the People v. Scott Peterson. The April 16, 2024 hearing was to address a motion by the defense to file an exhibit under seal. After argument, the defense withdrew the exhibit they had asked to be filed under seal. Their motion to seal was then dropped.
